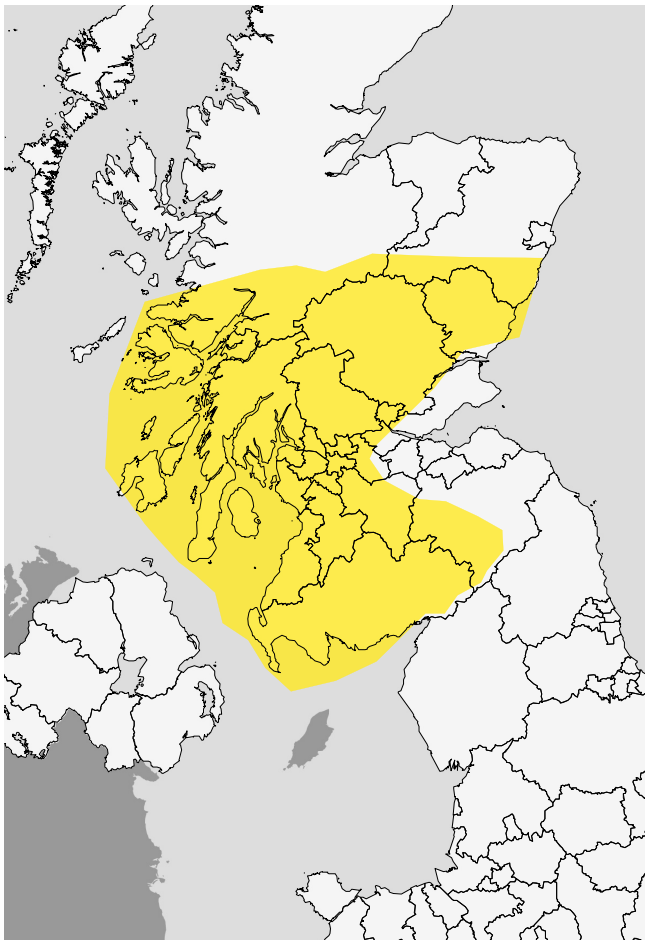
Yellow warning
Rain

Between
03:00 Sat 31 Oct 2020 and
19:00 Sat 31 Oct 2020



Heavy rain is expected to affect parts of Scotland on Saturday leading to a chance of travel disruption and flooding.

What to expect

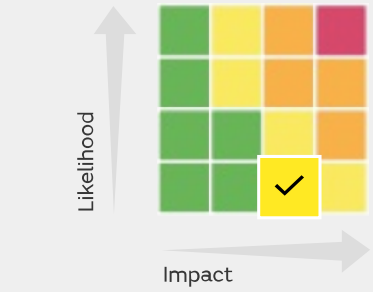
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities become cut off by flooded roads
- Where flooding occurs, there is a chance of delays or cancellations to train and bus services
- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- There is a slight chance of power cuts and loss of other services to some homes and businesses

Further details

Persistent and heavy rain is expected to spread northeast across Scotland on Saturday morning, with 20-40 mm rain falling quite widely across southern, western and central Scotland and perhaps more than 60 mm over hills and mountains. Given the time of year, strong winds will lead to enhanced leaf fall, which may result in additional surface water flooding due to the blocking of drainage channels.

Reason for update

The warning area has been extended further east, and the warning period limited to Saturday.



Very low likelihood of medium impacts

Issued at 11:42 Wed 28 Oct, 2020 Updated at 11:52 Fri 30 Oct, 2020
